

Kari Rogstad

A native of Norway, Kari graduated as an Occupational Therapist in Oslo and worked in this field for many years both in Norway and Canada. Art and design have always been among her greatest interests. She has two years training in textile design from the Norwegian College of Fine Art and one semester in sterling jewelry design from the Swedish College for Art teachers. More recently she has taken several workshops and courses in watercolour painting.

Kari is a mixed media artist using watercolors, oil pastels, crayons and several printing techniques. She has participated in group exhibitions as part of Parnassus Studio and other group exhibitions here in Ottawa, and was a member of Galleriart, Ottawa artists' cooperative. She has sold many of her paintings to Ottawa natives and also donated some of her work for different fundraising activities.

Kari enjoys the outdoors and nature is the main source of her inspiration. Cross-country skiing is one of her favorite activities, and she gets many of her ideas for her painting when skiing in Gatineau Park.

Member of Art Lending of Ottawa since 2005
